

Senior NAVAL ARCHITECT / PROJECT MANAGER

OUR COMPANY

DEKC Maritime is a Dutch maritime engineering company located in Groningen with a long history in the shipbuilding industry. DEKC offers concept design, basic design, and detail engineering for new build vessels as well as operational support during the lifetime of a vessel. DEKC assists with modifications and mobilizations, and provides project-specific engineering. Our team of 45 specialists in naval architecture, structural design, mechanical engineering, and detail engineering are able to help with every idea or challenge.

JOB PROFILE

The Senior Naval Architect /Project Manager has the responsibility to:

1. Manage design and engineering projects, with responsibility for scope, budget, schedule and quality
2. Work within projects as a senior Naval architect
3. Make estimations and project plans for new design and engineering projects
4. Be a recognizable specialist/point of contact for our customers

If you

- are analytically strong and know how to propose and implement innovative solutions and dare to think "out-of-the box",
- can work accurately and are capable of correctly assessing risks,
- use planning and organization of resources effectively,
- have good communication skills,
- can quickly anticipate on customer wishes by translating these into concrete actions that lead to the desired joint result,

We are looking for you!

WE ASK

- Bachelor's or Master Degree, Naval Architecture/Ship design/ship structures/mechanical engineering.
- Good communication skills.
- Good project management skills.
- Independent work attitude.
- Ability to work within a multidisciplinary team.
- Willingness to increase knowledge.
- Knowledge of current regulations.
- Experience in maritime design & engineering (min. 5 years)
- Experience with software; NAPA, CADMATIC, RHINO, ACAD, Ansys AQWA etc.
- Verbal and written command of the Dutch and English language.

WE OFFER

- Room for personal development.
- Flexible working hours.
- Informal but ambitious working atmosphere.
- Attractive salary.
